SUMMARY

Computer Science graduate skilled in Java, SQL, JDBC, and OOP concepts. Completed multiple academic projects demonstrating backend development and database integration. Looking for an entry-level software development role

PROJECTS

CourseCraft: AI-Based Smart Curriculum Selector :

- Built an AI-based curriculum recommendation system that generates personalized course paths using user skills, interests, and career goals.
- Developed a full-stack web application using Node.js, JavaScript, SQL, and Tailwind CSS, including modules like Login, Register, Profile, Edit Profile, About, and Result dashboard.
- Designed UML diagrams and performed functional, integration, and regression testing to ensure accuracy, reliability, and system quality.

Bank Management System :

- A full-fledged banking application developed using Core Java, JDBC, and MySQL. Implemented modules such as customer onboarding, account creation, money deposit/withdrawal, balance check, transaction history, and admin operations. Followed Layered architecture (DAO, DTO, Service) for clean structure.
- Implemented secure database operations, validations, and modular services improving code reusability and maintainability.
- Tools Technologies Used: Java, JDBC, MySQL, Eclipse IDE.

TECHNICAL SKILLS

Programming: Java, Oracle SQL

Web Technologies: HTML5, CSS, JavaScript, React Js

Database: MySQL

Java:

- Strong understanding of Object-Oriented Programming (OOP)
- Good knowledge of Exception Handling
- Good knowledge of Java Database Connectivity (JDBC)
- Implemented JDBC-based CRUD operations using PreparedStatements and MySQL
- Familiar with Hibernate ORM for mapping Java classes to database tables

Tools: VS Code, Eclipse, EditPlus

SOFT SKILLS

- Good communication skills
- Languages: English, Telugu

EDUCATION

BTech In Computer Science And Engineering

- Avanthi Institute of Engineering & Technology

2022 – 2025

(6.95 CGPA)

Diploma - (SBTET)

- Prasanthi Polytechnic

2019 – 2022

(65.6% percentage)

SSC - (BSEAP)

- Z P High School

2018 – 2019

(6.5 CGPA)

CERTIFICATES

- Certified Web Developer | JavaScript & Front-End Technologies (ExcelR Edtech Pvt. Ltd).
- Cybersecurity & Data Analytics Process Automation (Palo Alto & EDUSKILLS).
